About Neeweh

Neeweh Publishing started its activity since 2018, focusing on picture books. However, books with an approach to the needs of women and families have also been seen in this activity.

We are happy that a large number of our titles have been approved and received badges in the Center for Organization of Educational Resources (Roshd).

Our team is very careful to prepare content and format, and we try to produce quality works with the help of creative and thoughtful author and illustrators.

One of the distinctive features of this publication is its focus on promoting a culture of environmental protection through education and awareness-raising. Given the importance of preserving biodiversity and natural ecosystems, "Neeweh" is committed to playing an effective role in environmental protection efforts through the dissemination of knowledge and culture-building.

Understanding the importance of international relations in the publishing world, Neeweh Publishing has begun extensive activities in this field. With the aim of expanding its scope of influence and disseminating children's literature globally, this publication has established effective connections with reputable publishers in other countries.
